

GENESIS ITU

Career Bootcamp

Job readiness, materials, interviews & professional presence

College-style student textbook & workbook · Clean · Practical · Professional

Zarco AI Systems LLC · Genesis ITU

How to use this book

Read each chapter in order. Learn formal definitions the way employers and exams use them. Complete pause-and-review prompts. Use only authorized lab systems. This course teaches lawful, professional practice.

Table of Contents

- Chapter 1 — Career clarity
- Chapter 2 — Resume & LinkedIn
- Chapter 3 — Portfolio & proof
- Chapter 4 — Networking & applications
- Chapter 5 — Interview fundamentals
- Chapter 6 — Technical screens
- Chapter 7 — Offers & professionalism
- Chapter 8 — Faith, character, and work

Chapter 1 — Career clarity

Define target roles, required skills, and a 90-day learning plan. Honest gaps beat vague ambition.

Pause and review. Write one target job title and three skills it needs.

Chapter 2 — Resume & LinkedIn

Results-focused bullets, clean formatting, consistent dates. LinkedIn should match your resume story.

- Quantify impact when true
- No false credentials
- Tailor to each application

Chapter 3 — Portfolio & proof

Labs, write-ups, and projects prove skill. Anonymize sensitive data. Forensics and SOC write-ups are powerful when clean.

Chapter 4 — Networking & applications

Referrals, community, and consistent applications. Track submissions.

Informational interview

A learning conversation with a professional — not a hard ask for a job on first contact.

Chapter 5 — Interview fundamentals

STAR stories, fundamentals practice, and honest 'I do not know — here is how I would find out.'

Pause and review. Draft one STAR story from a project or job.

Chapter 6 — Technical screens

For IT/security: scenarios, troubleshooting aloud, and calm process over perfection.

Chapter 7 — Offers & professionalism

Read offers carefully. Communicate delays. On the job: tickets, humility, and continuous learning.

Chapter 8 — Faith, character, and work

Integrity is a career asset. Optional faith encouragement never replaces competence or respect for colleagues of all backgrounds.

Closing

Review every formal definition before practice exams. Continue with labs, instructor video when available, and job-path practice on NodePath or REACH. Genesis ITU wishes you steady progress.
